Tuesday, February 6, 2018, 5:00-7:30 pm

Federal Reserve Bank of Dallas

What happens when obstacles threaten the plan you had for your career? Do you let them stop you from achieving your goals? Do you react differently to obstacles in your personal life? If you want to learn a new approach to facing obstacles at work and in life, then you won't want to miss this event!

We are pleased to have Dr. Synovia Dover-Harris join us and share how turning obstacles into opportunities has helped her become a successful and well-respected entrepreneur, university professor, and book publisher.
